

# Cypripedium candidum

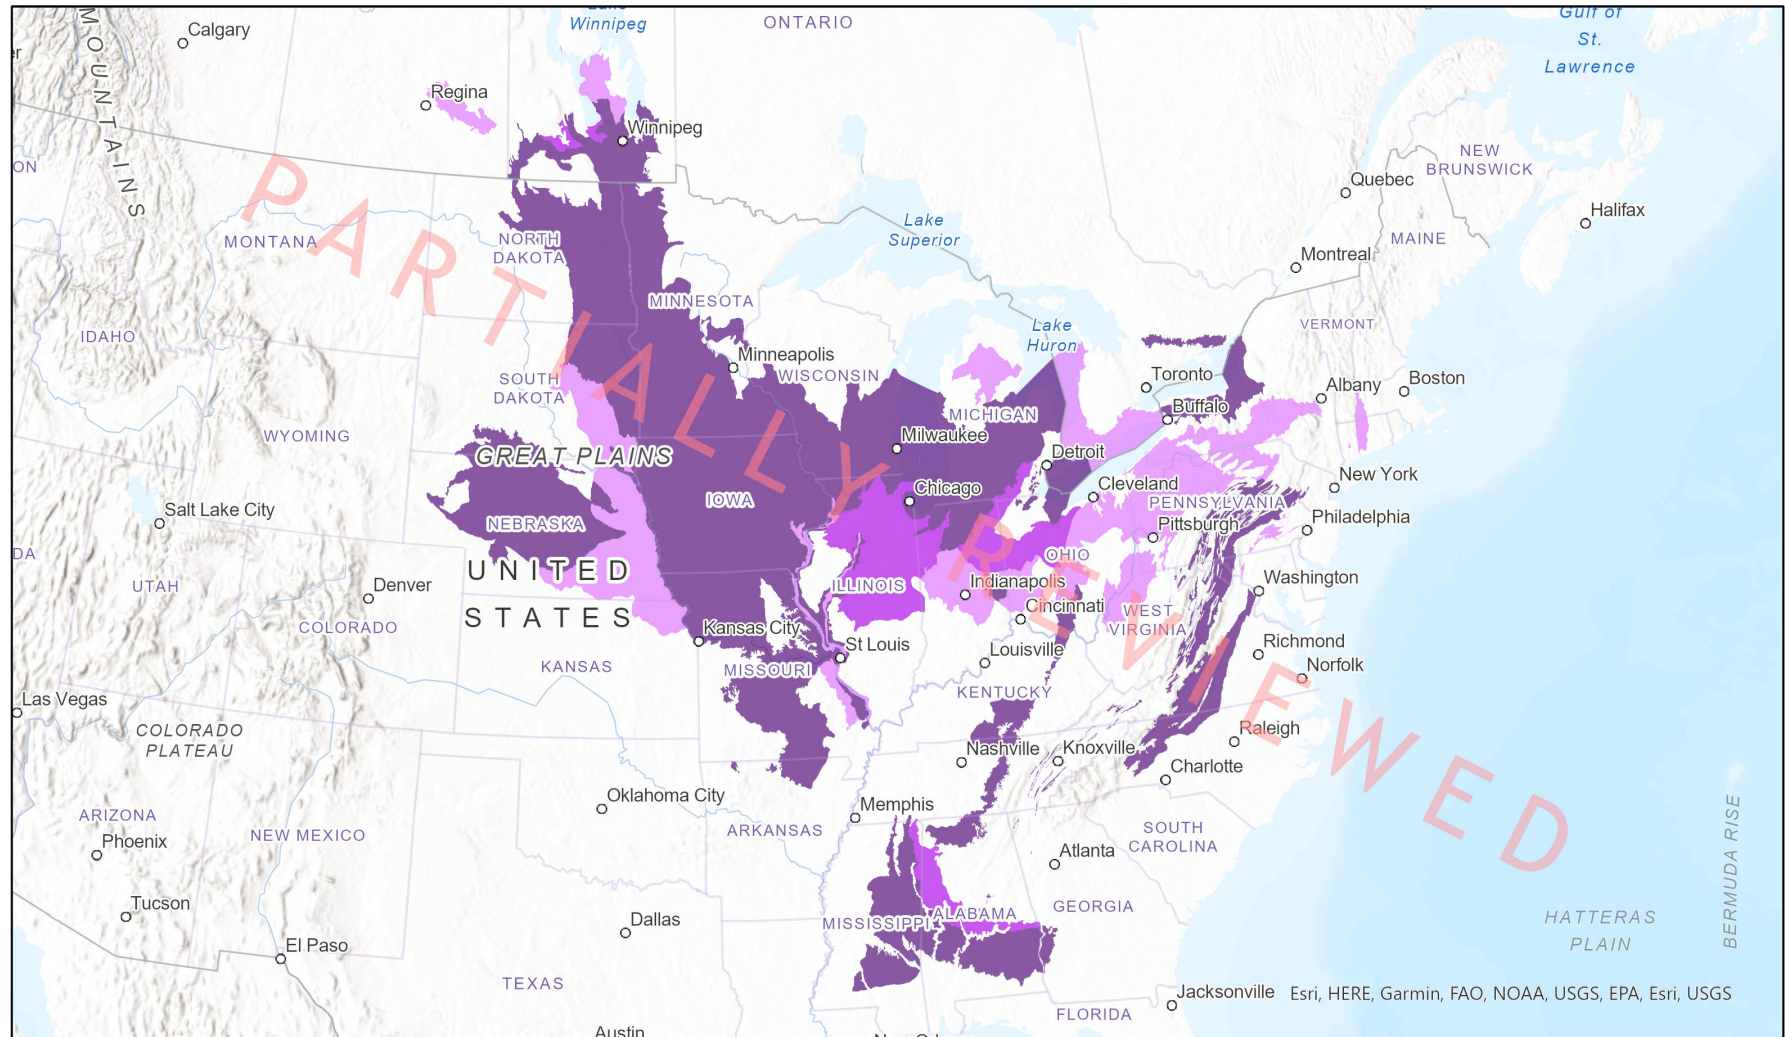

- Present
- Presence Expected
- Historical

## Ecosystem-based Automated Range (EBAR)

Date Generated: January 25, 2021; Version: 1.0; Stage: Expert Reviewed (Partially Reviewed- Global); Scope: Global

Synonyms Used: None

0 400 800 km

Input Records - 1235 BISON, 74 GBIF, 12 iDigBio, 210 iNaturalist, 22 Manitoba Museum, 25 MB Element Occurrences, 11 ON Element Occurrences, 192 ON Observations, 2 PA Element Occurrences, 20 SD Element Occurrences, 1 SK Element Occurrences, 1 SK Source Feature Polygons, 1 U of O Range Map Polygons, 428 US Element Occurrences, 8 WIN Vascular Plant Herbarium; Expert Reviews - 10 (average star rating = 3.3)

Map centre: 88.0838° W 41.4568° N

EBAR is relatively coarse scale data and not intended for all applications and analysis. Please see full disclaimer in metadata.

## Ecosystem-based Automated Range (EBAR) Metadata

---

### Species

National Scientific Name:	Cypripedium candidum
National English Name:	Small White Lady's-slipper
National French Name:	Cypripède blanc
Element National ID:	192616
Element Global ID:	157660 ( <a href="#">go to NatureServe Explorer</a> )
Element Code:	PMORC0Q050
Endemism Type:	N

### Rank/Status

Global Rank:	G4 (reviewed June 22, 1990)
National Rank (Canada):	N1 (reviewed 2016)
Subnational Ranks (Canada):	MB=S1, ON=S1, SK=SH
National Rank (United States):	N4
Subnational Ranks (United States):	AL=S1, IA=S3, IL=S2, IN=S3, KY=S1, MD=S1, MI=S2, MN=S3, MO=S1, ND=S2, NE=S1, NJ=S1, NY=S1, OH=S2, PA=SX, SD=S1, VA=S1, WI=S2
National Rank (Mexico):	None
Subnational Ranks (Mexico):	None
Canadian SARA Status:	Threatened/Menacée (June 05, 2003)
Canadian COSEWIC Status:	Threatened (November 28, 2014)
US ESA Status:	None

## Range Map

Date Generated:	January 25, 2021
Version:	1.0
Stage:	Expert Reviewed (Partially Reviewed- Global)
Scope:	Global
Metadata:	<p>Primary Species Name - <i>Cypripedium candidum</i> (Flora of North America Editorial Committee, 2002)</p> <p>Input Records - 1235 BISON, 74 GBIF, 12 iDigBio, 210 iNaturalist, 22 Manitoba Museum, 25 MB Element Occurrences, 11 ON Element Occurrences, 192 ON Observations, 2 PA Element Occurrences, 20 SD Element Occurrences, 1 SK Element Occurrences, 1 SK Source Feature Polygons, 1 U of O Range Map Polygons, 428 US Element Occurrences, 8 WIN Vascular Plant Herbarium; Expert Reviews - 10 (average star rating = 3.3)</p>
Comments:	This range has been partially reviewed. The following jurisdictions have been reviewed: Ontario, Manitoba, Nebraska, New York, Minnesota, Indiana, Wisconsin, Iowa and Alabama.
Disclaimer:	<p>Please review our <a href="#">methods document</a> before using EBAR.</p> <p>EBAR range data are relatively coarse scale and appropriate for screening and education purposes, but are not intended for all types of applications and analysis.</p> <p>The absence of data in any geographic areas does not necessarily mean that a species is not present.</p> <p>An ecoshape with a presence value does not necessarily mean that a species is present throughout the entire geographic area.</p>
Presence Definitions:	<p>Present - the species is found within the ecoshape based on species observation data, Element Occurrences, Source Features, Canadian Federal Critical Habitat, or expert opinion.</p> <p>Presence Expected - expert opinion the species may be present, or the ecoshape overlapped with a range estimate or a habitat suitability model.</p> <p>Historical - all species occurrence data within the ecoshape contains observation data greater than 40 years old or an Element Occurrence (EO) that was ranked as Extirpated or Historical (EO Rank of H, H?, X or X?).</p>
Map Projection:	North America Albers Equal Area Conic (WKID 4269)
